Technical Skills

Languages/ Runtimes:
- HTML5
- CSS3
- JavaScript(ES6+)
- Typescript
- C/C++
- Java
- SaSS

JS *Libraries/ Frameworks*:
- React JS
- Redux
- React Router
- React Query

CSS Libraries Frameworks:
- Bootstrap
- Tailwind CSS
- Material UI

Build Tools*:*
- Vite
- Webpack

Testing Frameworks/ Tools*:*
- Jest

Version Control*:*
- GIT

Professional Summary:

CS graduate with **3 years** of industry experience. Designed, developed, and maintained captivating user interfaces.

Proficient in front-end technologies such as **React**, **Redux**, **Tailwind CSS** with a keen eye for responsive design and cross-browser compatibility.

PROFESSIONAL EXPERIENCE:

System Engineer||Digital Cadre||Tata Consultancy Services

(October '22-March '24)

- Building and maintaining the user interface (UI) components of the **Oracle CPQ** website using **HTML, CSS**, and **JavaScript**.
- Implementing **responsive design** techniques to ensure optimal display across various devices and screen sizes.
- Enhancing user experience by incorporating interactive elements and dynamic content using JavaScript frameworks/libraries such as **jQuery, React JS**.
- Integrating frontend **components** with the backend CPQ platform to enable seamless data exchange and functionality.
- Implementing **APIs** provided by Oracle CPQ to retrieve and update product information, configuration rules, pricing, and quotes.
- Handling **events** and **callbacks** to trigger actions within the CPQ platform based on user interactions on the website
- **Customizing** the Oracle CPQ user interface to match the branding and visual identity of the company. Extending the functionality of Oracle CPQ by developing **custom features** and **modules** using **JavaScript**.
- Worked with cross-functional teams using **Agile methodologies** to develop and execute on-time and on-budget projects and initiatives by effectively communicating project timelines, progress and objectives.
- Introduced **Kanban Board** style ticketing system to promote highly efficient asynchronous and synchronous work, increasing efficiency by 12%.

Soft Skills

Excellent communication skills

Team player

Time Management

Attention to Detail

Problem solving

Assistant System Engineer||Tata Consultancy Services

(April '21-October '22)

•Possess expertise in working with enterprise applications such as **Oracle CPQ** (Configure, Price, Quote) and **Oracle HCM Cloud**, where I closely interacted with the functionalities of these tools.

• Proficient in **Java** for backend development tasks and familiar with **BML** (BigMachines Language) for customizing Oracle CPQ solutions.

•Skilled in gathering and analyzing business requirements, configuring CPQ applications to meet client needs, and providing expertise in CPQ best practices.

•Proficient in guiding clients through the entire implementation lifecycle, from requirement gathering and design to testing, training, and post-implementation support.

SUMMER INTERN||NIT DURGAPUR

(June 2019-July 2019)

• Worked on Network Intrusion Detection using **SVM Classifier** with **t-SNE** based feature extraction technique.
•Participated in developing ideas and implementing them to ensure a safe cyber space using IDSs(**Intrusion Detection Systems**)

CERTIFICATIONS:

•NPTEL: Elite Certification in C programming
•Oracle Foundations Associate

EDUCATION:

B.TECH(COMPUTER SCIENCE)

COOCHBEHAR GOVERNMENT ENGINEERING COLLEGE

DGPA: **8.5/10**

(2016-2020)

CLASS XII(CBSE)

HEM SHEELA MODEL SCHOOL

SCORE: **82.3%**

CLASS X(CBSE)

HEM SHEELA MODEL SCHOOL

CGPA: **9.8/10**

(2013)
